Experience

Sheer growth education pvt.ltd   May2025-July2025
Academic counsellor   Gurgoan

- Counseled students regarding career paths, course selection, and educational goals.
- Explained course structures, admission procedures, and fee details clearly to students and parents.
- Handled inbound and outbound calls to guide potential students through the enrollment process.
- Scheduled and conducted one-on-one counselling sessions both in-person and virtually.
- Maintained student records, follow-up lists, and daily counselling reports.
- Coordinated with internal departments to ensure smooth admission and onboarding.

SAMRIDDH KENDRA (Creditbucket Technologies Pvt Ltd)   June2024-August2024
Frontend developer   Remote

- Designed and developed the company website using HTML, CSS, JavaScript, and React.js.
- Implemented Tailwind CSS and styled components for UI enhancement.
- Gained experience in website hosting and deployment.

Coding ninjas   December2022-January2023
Teaching Assistant   Remote

- Assisted in teaching Data Structures & Algorithms with Java at Coding Ninjas.
- Debugged student code and resolved over 500 queries during online doubt sessions.

Education

Maharishi Markandeshwar (Deemed to be University) Mullana, Ambala   July2020-July-2024
Computer Science   Btech

GM Collage, Bettiah   March2018-March2020
Science   Intermediate

Notre Dame Public School, Bettiah   March-2017-March2018
Science   Matric

Projects

Full Stack React Project (AI Car Marketplace)   March2025-April2025

- Built a full-stack AI-powered car marketplace using **Next.js**, **TailwindCSS**, **Supabase**, **Prisma**, and **Shadcn UI.**
- Integrated AI features for intelligent car search and recommendations to enhance the user experience.
- Implemented authentication and responsive UI, and deployed the app using scalable performance best practices.

Online Bookstore Management System (PostgreSql Based)   March2024-April2024

- Designed an SQL database with three tables (Books, Customers, Orders).
- Implemented foreign key constraints for data integrity.
- Developed 20+ optimized SQL queries for data management.
- Integrated CSV file handling for efficient data import/export.
- Applied query optimization techniques for better performance

Multi-Page Web Application (Frontend Based)   Feb2025-March2025

- My role is to develop multi-page web applications, distinct from single-page applications (SPAs) by loading content across multiple pages.
- We utilized HTML, CSS, JavaScript, and Styled Components for the project.
