Achievements & Awards

Web Designing Award held in college competition Participate in Hackathon in college

Interests

Outside of coding, I enjoy exploring new places and traveling, which inspires creativity and fresh ideas for my projects. I like playing strategy and multiplayer games that improve problem-solving and teamwork skills. In my free time, I also follow tech blogs and online courses to keep up with new web technologies. I enjoy designing small side projects, experimenting with UI/UX design, and occasionally helping friends or local businesses build their websites.

ACTIVITIES

Regularly work on maison Infratech website and add daily blog on their and build some landing page also and test website daily their performance.

OBJECTIVE

Enthusiastic and detail-oriented React.js Developer with 1 year of experience in website development using HTML, CSS, JavaScript, PHP, and MySQL, along with building landing pages and small projects in React.js. Eager to deepen my expertise in modern frontend frameworks and contribute to creating dynamic, responsive, and user-centric web applications as part of a forward-thinking team.
